Estimated finished size

Materials & Reference

Finished size: Approx. 3½ in wide × 3½ in tall (9 × 9 cm), excluding the hanging loop. Estimated from the ornament proportions and stitch counts. Yarn and tension affect the finished size.

Yarn: DK weight. Evergreen for the tree and loop, Ivory for the garland, and Cocoa Brown for the trunk.

Hook: 3.5 mm suggested starting size. **Notions:** Blunt yarn needle, scissors, and removable stitch markers.

Gauge: A fixed gauge is unnecessary. Use even tension for a firm, flat panel.

Abbreviations

Abbreviation	US crochet term
BLO	Back loop only
CH / SC	Chain / single crochet
SC2TOG / SC3TOG	Single crochet 2 / 3 stitches together
SL ST	Slip stitch
ST / STS / YO	Stitch / stitches / yarn over

Special Stitches

BLO SC: Insert under the back loop of the next ST. YO and pull up a loop. YO and pull through both loops.

SC2TOG: Insert under both top loops of the next ST. YO and pull up a loop. Repeat in the following ST. YO and pull through all three loops.

SC3TOG: Insert under both top loops of the next ST. YO and pull up a loop. Repeat in each of the next two STS. YO and pull through all four loops.

Backstitch: Bring the needle up one stitch length ahead of the start. Take it down at the start. Bring it up one stitch length beyond the latest stitch, then take it down at that stitch’s end. Repeat along the path.

Pattern Notes

Work from the base to the tip. CH 1 before turning and leave the turning chain outside the stitch count. Work through both top loops unless BLO is specified. Counts in parentheses show stitches produced. Foundation chains, hanging-loop chains, and joins are counted separately.

Hanging Loop

Yarn Color: Evergreen - hanging loop
Make: 1

LOOP: From the active loop at the tip, CH 14. **(14 CH)**

JOIN: Bring the chain back to the tip without twisting it. SL ST under both top loops of the single ROW 16 stitch. **(1 SL ST)**

Fasten off. Weave the finishing tail down into the back of the tree panel. Weave in the foundation tail.

Trunk

Yarn Color: Cocoa Brown - trunk
Make: 1

Lay the tree flat with the tip pointing up. Along the bottom of ROW 1, locate the **17 foundation chains that each received one SC**. Count those positions from left to right. Leave the skipped starting chain outside the count.

Mark positions **8, 9 and 10**. There are seven worked foundation positions on either side of the trunk.

JOIN: Join Cocoa Brown with a SL ST in the available foundation-chain loop at position 8. **(1 SL ST)**

ROW 1: CH 1. SC in the same foundation-chain loop as the join. SC in the available foundation-chain loop at positions 9 and 10. **(3)**

ROW 2: CH 1, turn. SC in each of the next 3 STS. **(3)**

Fasten off. Weave both Cocoa Brown tails into the back of the trunk. Keep the foundation edge relaxed as you secure the ends.

Garland & Finishing

Ivory Zigzag Garland

Yarn Color: Ivory - embroidered garland
Make: 1 continuous line with 4 diagonal spans

Lay the ornament flat with the tip up, the trunk down, and the ribbed face toward you. Count stitch positions **from left to right as viewed from the front**, regardless of the direction in which the row was crocheted.

Point	Placement
A / Upper right	ROW 13, ST 4 of 5
B / Upper left	ROW 11, ST 2 of 7
C / Middle right	ROW 8, ST 8 of 9
D / Lower left	ROW 5, ST 2 of 13
E / Lower right	ROW 2, ST 14 of 15

1. Place a removable marker at each point. Thread a yarn needle with about 20 in (51 cm) of Ivory yarn. Run the starting tail beneath several stitches on the back near point A.

2. Backstitch a continuous line from **A to B**, **B to C**, **C to D**, then **D to E**. Use short stitches, about one crochet stitch wide. Shorten the backstitches at the bends.

3. Remove the markers as you reach them. Keep the embroidery relaxed so the panel lies flat.

4. At point E, take the needle to the back. Weave the finishing tail beneath several nearby stitches. Change direction once, weave through a few more stitches, and trim the excess.

Final Finishing

Lay the ornament flat and smooth the tree edges with your fingers. Straighten the trunk beneath the center of the base. Open the hanging loop and gently check that its join is secure. Hang with the ivory garland facing forward.
